<table>
<thead>
<tr>
<th>Argument in Favor of Measure A</th>
</tr>
</thead>
<tbody>
<tr>
<td>Approval of Measure A will provide much-needed funding to continue providing the same level of Advanced Level Life Support Programs and Paramedics and enhance our level of service in some areas. Residents who live in the EPFD will pay no out-of-pocket costs for ambulance rides with the insurance company’s payment considered as 100% total bill paid for a transported resident.</td>
</tr>
<tr>
<td>For several years EPFD has cut costs, increased efficiencies and deferred maintenance in order to continue operating within its existing funding amounts yet without additional funding, the District will not be able to fill vacant staff positions and may have to reduce staff on ambulances when vacancies occur.</td>
</tr>
<tr>
<td>Measure A will allow re-establishment of its Capital Outlay Program designed to replace old, worn-out equipment; rebuild its Reserve Fund used to keep programs running during unexpected budget shortfalls; add a firefighter/paramedic to each shift to help suppress fires more quickly, staff a third ambulance (when needed), or fill in for staffing vacancies during low call volume times; maintain EPFD’s Public Protection Class Rating of ISO 2 for fighting fires which helps lower the cost of homeowner’s insurance.</td>
</tr>
<tr>
<td>Following the passage of Proposition 13, Article XIIIB was added to the State Constitution which established limits on the amount of annual property tax which special districts can spend. With voter approval of Measure A, the amount of tax collected would exceed the District’s established expenditure limit and the approval of Measure would also establish a new expenditure limit and authorize the District to spend the special tax collected.</td>
</tr>
<tr>
<td>Measure A also provides an alternative means of revenue which cannot be taken by the State.</td>
</tr>
<tr>
<td>Please Vote YES to enhance Ambulance and Fire Protection Services and provide cost saving benefits for those needing to utilize ambulance service.</td>
</tr>
